To All 4H Members

The Waterford World's Fair would appreciate any 4H members that would be willing to assist with the flag raising Saturday morning at 9:30. We understand this is just before your show starts and would allow a few extra minutes to prepare for the 10:00 am Show. 4H members would lead in the **Pledge of Allegiance and also the 4H pledge.**

Friday is Ag. Education Day at the Fair. I hope you would be willing to help out with this. There will be a designated area by the 4h barn where people will come to see a demo on working steer. The demo can be as simple as explaining the parts of the yoke, the goad stick and pull chain. You may have your team out and explain the breed, age, names and what you do with your team. Keep it simple.

Friday at 1:00 there will be a steer demo in the pulling ring with steer and cart, stoneboat etc. I will be looking for people to help with that as well.

I look forward to seeing you at Waterford World's Fair

Dottie Bell
